PROFILE

Experienced Senior Software Developer with a track record of designing and deploying scalable software applications. Proficient in JavaScript, React, CSS, Node.js, and other technologies. Skilled in collaborating with cross-functional teams and delivering projects on time. Committed to staying current with industry trends and continuously improving practices for business growth. Seeking a challenging role for technical and professional growth.

EMPLOYMENT HISTORY

Senior Front End Developer at Overstock.com, Midvale
November 2015 — Present

As a member of the search team at Overstock.com, I collaborate with a talented group of developers to manage the header, footer, and all search-related pages. I continually strive to write clean, concise, and reusable code, with a focus on observability and application performance improvement. My technical expertise in JavaScript, React, Context, and other technologies allows me to contribute to the development of high-quality software products that meet business needs.

Front End Developer Consultant at ITG (now Zaact Consulting), Sandy City
March 2023 — November 2015

I was a consultant and developer for the Microsoft SharePoint and Office 365 platforms, I collaborated closely with project managers and clients to ensure timely and comprehensive project development. I was also able to build web pages from mock-ups and wire frames.

Team Lead - Foreign Exchange Operations Analyst at Royal Bank of Scotland
June 2012 — January 2015

As a seasoned operations professional, I excelled at managing teams, analyzing trade discrepancies, and coordinating cross-functional efforts to drive continuous improvement. I leveraged my ability to manage ad-hoc projects, mitigate risk, and provide exceptional customer service.

EDUCATION

DevMountain, Provo
January 2015 — March 2015

Empowering the next wave of programmers and entrepreneurs, DevMountain is an industry-leading code school. Founded by expert coders, they are passionate about sharing their craft and helping students learn to code

Bachelor of Science Business Administration, Utah Valley University, Orem
January 2007 — December 2011

- Grade: 3.5
- Dean's List 2007
- Activities and societies: Phi Beta Lambda
